

ABOUT

We help companies achieve **On-Time Delivery** by expertly managing their supply chain and engineering needs. Through precise supplier oversight, we eliminate delays, tackle complex supply issues, and ensure smooth, uninterrupted operations.

At Tiger Team Engineering (TTE), we deliver boots-on-the-ground, On-site Leadership, and unmatched Supplier Base Management. Our solutions integrate advanced Analytics, Quality, Risk Assessment, Continuous Improvement, and Engineering Support with Post-Award Procurement services.

Past Performance

TTE has proven experience in the commercial and defense sectors:

- L3Harris
- US Marine Corps
- Boeing
- Maxar

Sample Projects:

- Supply Chain Optimization
- Supplier Surveillance & Oversight
- Procurement Optimization
- Diminishing Manufacturing Sources & Material Shortages (DMSMS)
- Interim Contractor Logistics Support (ICLS)
- Lifecycle Management Support
- Engineering Support / Services
